

## ESPEN Experts' Course Good Pharmaceutical Practices for Parenteral Nutrition Compounding 2<sup>nd</sup> Edition

3-4th November 2017

Stanley Dudrick Hospital

Skawina | Cracow | Poland

We are pleased to announce the 2<sup>nd</sup> Edition of ESPEN Experts' Course: Good Pharmaceutical Practices for Parenteral Nutrition Compounding. The course will be held 3-4th November 2017 at the Pharmacy Compounding Unit, Stanley Dudrick Hospital, Skawina, Cracow, Poland.

Share of ideas, practical experiences and knowledge between speakers and participants and "hands on" workshops is most important element of ESPEN Experts' Course: Good Pharmaceutical Practices for Parenteral Nutrition Compounding.

This course is tailored for pharmacist especially involved in Parenteral Nutrition Compounding. ESPEN will fund the course, whereas delegates have to fund a travel and accommodation. **Numbers are limited to 20 delegates and ESPEN members have priority.**

We encourage you to register for the course and look forward to welcoming you to Skawina!
